INDEPENDENT AUDITORS' REPORT

Board of Directors
Kansas City Rescue Mission

We have audited the accompanying financial statements of **Kansas City Rescue Mission** (a nonprofit organization), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

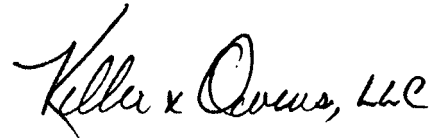

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Kansas City Rescue Mission** as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited **Kansas City Rescue Mission's** 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 23, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

KANSAS CITY RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Mission - Kansas City Rescue Mission (the Mission) is a Missouri non-profit corporation founded in 1950. It operates as a Christ-centered community, offering freedom and hope to the poor and homeless, empowering them to reach their full potential. The primary objective of the Mission is to help homeless and needy men and women in the urban core of Kansas City by providing faith-based services, including temporary shelter, transitional housing, meals, medical services, job training, and recovery programs.

The donor base of the Mission consists primarily of Kansas City area residents.

Advertising - Certain expenses to promote the general purpose and activities of the Mission are expensed as incurred and amounted to \$7,996 and \$10,837 for 2016 and 2015, respectively.

Basis of Accounting - The Mission's policy is to prepare its financial statements on the accrual basis of accounting; consequently, certain support and revenue are recognized when earned rather than when received and certain expenses are recognized when the obligation is incurred rather than when cash is disbursed.

Cash and Cash Equivalents - For purposes of the Statement of Cash Flows, cash includes cash in checking and money market accounts, and cash on hand.

Comparative Financial Information - The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Mission's 2015 financial statements from which the summarized information was derived.

Concentration of Cash Risk - The Mission maintains its cash in bank accounts that may exceed federally insured limits at times. The Mission has not experienced any losses in these accounts in the past, and management believes the Mission is not exposed to significant credit risks as they periodically evaluate the strength of the financial institutions in which the Mission deposits funds.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions - The Mission follows the accounting principles under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958-605. In accordance with FASB ASC 958-605, contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

Donated Property and Equipment - Contributed property and equipment are recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support.

Donated Supplies and Services - The Mission receives a significant amount of donated materials and services from businesses and individuals interested in supporting its ministry. The financial statements reflect the value of such items, which include food, clothing, medical supplies, personal care products, and linens, that are received and either used or distributed within the Mission's programs to recipients in need of assistance. The value of these items is determined by estimating the fair value at the date usability is determined, which approximates date of receipt in most cases. In addition, the Mission also receives vehicles which at the Mission's discretion can be either retained for use or resold. The financial statements would reflect the value of vehicles received, if any, at fair value at date of gift, and costs related to vehicle donations would be included as additions to the original fair value of the gift. Any vehicles remaining at year end would be included in the appropriate asset category based on the status determined by the Mission.

The financial statements also reflect the value of donated services, which primarily consisted of medical, ministerial, social service assistance, advertising and construction services. Other donated services were received, but were not recognized in the financial statements because they did not meet the criteria for recognition under FASB ASC 958-605.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Statement Presentation - Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in FASB ASC 958-210. Under FASB ASC 958-210, entities are required to report information regarding their financial position and activities according to three classes of net assets; unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Unrestricted net assets are those currently available at the discretion of the Board for use in the entity's operations and those resources invested in land, buildings and equipment.

Temporarily restricted net assets are those which are stipulated by donors for specific operating purposes, special projects, or for the acquisition or construction of land, buildings and equipment.

Permanently restricted amounts are those restricted by donors in perpetuity as endowments or irrevocable trusts. Income from the assets held is available for general operations in accordance with donor stipulations.

Functional Expenses - The cost of providing various program and supporting services has been summarized on a functional basis in the Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes - The Mission is a non-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code except for taxes on unrelated business income, if any. The Mission has been classified as a publicly-supported organization which is not a private foundation under Section 509(a) of the Code.

In accordance with FASB ASC 740, the Mission's policy is to record a liability for any tax position that is beneficial to the Mission, including any related interest and penalties, when it is more likely than not the position taken by management with respect to the transaction or class of transactions will be overturned by a taxing authority upon examination. Management believes there are no such positions as of June 30, 2016 and, accordingly, no liability has been accrued. However, in general, the three previous tax years remain open to IRS examination.

Inventories - Inventories consist of donated items such as food, clothing, medical supplies, linens, personal care products, and household items. Inventories are stated at their fair values which were established at the time of recording the items as gifts in kind received.

KANSAS CITY RESCUE MISSION

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments - Investments in readily marketable securities are stated at fair value based on quoted market prices for identical assets. Realized and unrealized gains and losses are included in investment income in the accompanying Statement of Activities.

Property and Equipment - Property and equipment over a nominal amount are recorded at cost at the date of acquisition or fair value at date of donation, in the case of gift. Maintenance and repairs are charged to expense as incurred. When items of property or equipment are sold or retired, the related cost is removed from the accounts and any gain or loss is included in the change in net assets. Depreciation is provided over the estimated useful lives of the respective assets on the straight-line basis (three to forty years).

Reclassifications - Certain amounts in the prior year financial statements have been reclassified to conform to the presentation in the current-year financial statements.

Subsequent Events - Management has evaluated events and transactions that have occurred since June 30, 2016 and reflected their effects, if any, in these financial statements through October 11, 2016, the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses. Actual results could differ from those estimates.

2. FAIR VALUE MEASUREMENTS OF ASSETS AND LIABILITIES

The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three-tier hierarchy of inputs is summarized in the three broad levels below:

- Level 1 - inputs are unadjusted quoted market prices in active independent markets for identical assets and liabilities;
- Level 2 - inputs are directly or indirectly observable estimates from quotes for similar but not identical assets and liabilities, market trades for identical assets not actively traded or other external independent means;
- Level 3 - inputs are unobservable and reflect assumptions on the part of the reporting entity.

The following table sets forth information about the level within the fair value hierarchy at which the Mission's financial assets and liabilities are measured on a recurring basis at June 30, 2016:

	Level 1	Level 2	Level 3	Total
Assets - Investments:				
Stock	\$ 92,784	\$ -	\$ -	\$ 92,784
Total investments – recurring basis	\$ 92,784	\$ -	\$ -	\$ 92,784

2. FAIR VALUE MEASUREMENTS OF ASSETS AND LIABILITIES (continued)

The realized and unrealized gain on investment is included in investment income on the statement of activities.

The carrying amounts of financial instruments including cash and cash equivalents, certificates of deposit, pledges receivable, accounts payable, and accrued liabilities, approximated fair value due to their short-term nature.

3. PLEDGES RECEIVABLE

Pledges receivable represent estimated future payments from funding sources such as United Way. They are unsecured and considered fully collectible within a one-year period.

4. INVENTORY

Inventory consisted of the following items as of June 30:

	<u>2016</u>	<u>2015</u>
Food	\$ 59,512	\$ 47,502
Clothing	9,151	9,193

10. BOARD DESIGNATED UNRESTRICTED NET ASSETS

The Board has a goal to designate unrestricted net assets as emergency reserves to cover six months of budgeted expenses, which approximates \$1,325,000. At June 30, 2016, after considering the investment in property and equipment, and amounts already designated, the remaining amount of unrestricted net assets available for designation is \$729,167.

As of June 30, 2016 and 2015, the Board set aside \$43,973, derived from the proceeds from the sale of the previous transitional house known as Jarrette's Place.

11. RESTRICTED NET ASSETS

Temporarily restricted net assets include amounts held for the following purposes:

Per provisions of FASB ASC 958-605 regarding expiration of donor restrictions, the following expenses were incurred which satisfied the restricted purpose or occurrence of events specified by donors:

Purpose restrictions accomplished	\$ 180,185	\$ 223,283
Time restrictions expired	<u>52,567</u>	<u>57,164</u>
Total Net Assets Released From Restrictions	<u>\$ 232,752</u>	<u>\$ 280,447</u>

Permanently restricted net assets consist of the following:

Investments	<u>\$ 90,427</u>	<u>\$ -</u>
Total Temporarily Restricted Net Assets	<u>\$ 90,427</u>	<u>\$ -</u>

During 2016, the Mission obtained further instruction from the donor to move the previously contributed funds from Board designated unrestricted net assets to a permanent endowment.

12. ENDOWMENT

The Mission's endowment consists of a time-restricted endowment and a permanently restricted endowment, which are collectively invested. This endowment was established in conjunction with an agreement from a donor on November 1, 2015. The agreement includes the following key provisions:

- The donor gave \$46,142 in stock in December 2014, which was set aside by the Board for a future endowment. In 2016, this was transferred to the permanently restricted endowment based on additional instructions received from the donor.
- The donor gave an additional \$41,474 in November 2015 as a permanently restricted endowment.

12. ENDOWMENT (continued)

- The stock dividends earned on the stock are to be reinvested in the same stock and held in the permanent endowment.
- At some point prior to 2021 the dividends will be changed to cash dividends, so that future distributions can be made from the cash.
- Distributions shall not commence until calendar year 2021.
- Any underwater (i.e. net loss) position of the endowment will not be replenished by unrestricted funds at any time.

The Board of Directors of the Mission has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Mission classifies as permanently restricted net assets (1) the original value of gifts donated to the permanent endowment, (2) subsequent gifts to the endowment, and (3) stock dividends on the investment representing the permanent endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Mission in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Mission considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund.
- The purposes of the Mission and the donor-restricted endowment funds.
- General economic conditions.
- The possible effect of inflation and deflation.
- The expected total return from income and the appreciation of investments.
- Other resources of the Mission.
- The investment policies of the Mission.

The Mission's agreement with the donor stipulates that distributions from the Endowment shall only be made to the Mission for operational support. Such distributions shall not commence until calendar year 2021 and shall come from quarterly cash dividends. During 2016 and 2015, there were no distributions made from the endowment.

14. PUBLIC SUPPORT

Unrestricted contributions are gifts from individuals, businesses, clubs and foundations that are not restricted for a special use. Temporarily restricted contributions and grants consist of grants from foundations and corporations for a specific program. Special event revenue includes in-kind contributions for special events. Direct benefit expenses are the cost of the direct benefit or articles furnished to the donors; e.g., the cost of a meal for a fund-raising event.

15. WOMEN'S CENTER

In 2011, the Mission purchased a building to be used for a Women's Center. The Federal Home Loan Bank (FHLB) of Topeka awarded \$450,000 to the Mission for this project under the FHLB Affordable Housing Program (AHP). 100% of these funds have been disbursed and FHLB has awarded the grants in full to the Mission. The FHLB award will be forgiven in its entirety after 15 years providing the property is maintained as low-income housing and all required reports are filed. The forgivable grant accrues no interest.

In 2016, the Mission received a promise to give in the form of a matching gift challenge of \$147,093. When the promise to give is matched, the funds received will be used to renovate an ancillary building at the Women's Center.

16. LEARNING CENTER

In 2016, the Missouri Housing Development Commission reserved \$42,900 in operating tax credits in connection with the Mission's Learning Center program. All of the tax credits were used in 2016.
